

DNA ORDER FORM

To order a DNA hair kit, we will need the following:

A fee of \$35 per horse (covers cost of kit, laboratory fee and recording fee). Kits are normally received from us within 7-10 days. If you wish to pay a \$10 special handling fee for each kit ordered, we will mail the kit within 1-2 days of receiving your request (this does not include overnight delivery service).

Name and registration number of horse(s) to be typed. If unregistered, the registration application must be in our office before a kit can be sent. You can order the kit with a Visa or MasterCard by calling AQHA at (806)376-4811 or mail this form and payment to AQHA, P.O. Box 200, Amarillo, Texas 79168.

If you also wish your horse tested for HYPP (refer to rule 205(b)) include an additional \$40 for the laboratory fee and clearly indicate next to your request below that you would like both tests. This test is recommended for horses that are descendants of the stallion Impressive, AQHA number 767246.

DNA Typing & Parentage Verification

We are utilizing DNA typing as our means for parentage verification. Our testing is performed through the University of California at Davis.

To order a DNA hair kit, you can use the reverse side of this form; however, we do not require a form. The \$35 fee, horse's name and registration number is the information we need to send a kit. We can take orders by telephone if you wish to pay by Visa or MasterCard.

Beginning in 1998, DNA typing is required of all breeding stallions.

All mares born in 1991 and later need to be DNA typed before any of their offspring can be registered. This requirement will move progressively back one year, each year, starting in 2000.

Name of horse

Registration number
